Mario Lara, Minister

InHim... Omaha, Nebraska

The Bellevue, Nebraska area Family Altar group has been using INHiM for their studies going on 3 years.

The group has grown into a strong core of 15-20 members. With the support of Calvary Christian Church, this group has decided to pursue the

On November 4, 2017, the group hosted a Spanish service at Calvary Christian Church in Bellevue. Mario Lara travelled and spoke at the service using the same outline as used for INHiM videos. 45 people were in attendance including 5 new families.

next step, of intentionally reaching out to the Spanish-speaking community in the Omaha area.

The response was enthusiastic as people enjoyed the Bible-based preaching of the Gospel. With this momentum and assistance from Calvary, the group began monthly Spanish services in January. On January 20, 2018, 46 people attended the first of these services including 3 new families and 2 repeat families outside of the current INHiM group.

Our group is excited to continue to use INHiM to reach the "la proxima vida" (the next life) for Jesus.

InHim... Mexico

With the growing global population, it is difficult to be able to personally be in all locations of the world.

By such motive INHiM has begun a project in Mexico: training via the internet to create family altars & small groups anywhere.

In December 2016, Mario Lara had a meeting in Mexico to introduce INHiM. They answered positively that they would like to start but needed laptop computers.

Because INHiM operates through Biblical training online and the themes are focused on how to apply the Bible in real life, we are looking for **people willing to donate the laptops** in order to begin this pilot project. We only ask that they be in good condition.

If you or your congregation desire to participate in this project please call on Fridays at (515) 619-8929.

Another InHim Project National Christian Convention

The last census in the USA revealed that population growth is due to the growth of the Latino population. For that reason we need to develop strategies to captivate their attention.

The plan for INHiM in Iowa is to look for a building in a commercial zone where we can make a thrift store in one part of the building and leadership and discipleship videos in another. The purpose for the building will be to attract the Latino community in Des Moines and be able to connect them with INHiM and Lifebridge.

Mildred Rivera is a member of

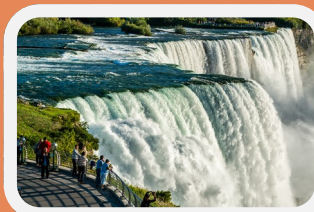

the Lifebridge Church and on one occasion when talking with Mario about what she would do after retiring, Mario saw the opportunity to ask her about the thrift store project and whether she would like to work there. Mildred accepted graciously and knew that this was the answer to her prayers of what to do for Christ after she retires.

Please continue to pray about this as we search for the location and price that will give us the opportunity.
